

Quality. Service. Value.®

California Water Service

Overview

California Water Service (Cal Water) serves about 2 million Californians in more than 110 communities, from Chico in the north to the Palos Verdes Peninsula in the south, including residents and businesses in the Livermore District. We are the second largest retail water provider in the state, and the largest regulated by the California Public Utilities Commission.

We believe everyone should have access to water that is safe, clean, reliable, and affordable. Providing this for our customers requires a proactive commitment to infrastructure investment, water quality, conservation, community safety, and equity.

We are Industry Leaders in:

- **Water Quality:** Our drinking water is among the safest in the nation
- **Proactive Investment in Infrastructure:** We prioritize upgrades to keep water safe and reliable
- **Conservation & Sustainability:** We help customers save water while securing new supplies for the future
- **Low-Income Assistance:** We were among the first to provide bill assistance for low-income customers
- **Community Safety & Partnerships:** Our partnerships improve community safety and quality of life

Cal Water Infrastructure by the Numbers

- 7,900** miles of water mains
- 1,135** wells
- 681** storage tanks
- 155,000+** valves

Service Areas

We provide more than 80 billion gallons of water annually to 110+ communities across California

Quality. Service. Value.®

Livermore District

Local Service with Statewide Support

Cal Water’s Livermore District was formed in 1927 with the purchase of the water system from Pacific Gas and Electric Company. In addition to the 18,900 customer connections in our Livermore system, we serve 25 customer connections under and operations and maintenance contract with Crane Ridge Mutual Water Company.

Infrastructure Investments in Livermore

We know that building and maintaining infrastructure are critical to delivering safe, reliable water service to the Livermore District.

Over the last decade, **Cal Water has invested \$37,644,148** locally, including installing new pipes, treatment facilities, pumps, and fire hydrants, along with upgrading or retrofitting storage tanks and wells. This includes:

- 222 miles of main
- 10 wells
- **Total storage: 14 million gallons**
- 2,138 hydrants
- 37 booster pumps

Cal Water has invested more in infrastructure maintenance and upgrades in the last decade than any other regulated water provider in California.

Community Safety & Partnerships

We are passionate about investing in the communities we serve and improving the quality of life for our customers. We are proud to provide volunteer hours and financial support to local organizations, including, among others: **Open Heart Kitchen, Toys for Tots, and Cell Phones for Soldiers.**

Local Infrastructure Improvement Projects

Cal Water plans to invest more than \$36 million in the Livermore District from 2022-2024 to:

- Improve water systems in preparation for peak demand and emergency events to ensure a reliable source of water is available to customers
- Develop new water supplies and improve treatment of existing supplies
- Replace approximately 21,200 feet of aging and less reliable mains
